

SYSTEM AND METHOD FOR INDICATING A MEASURE OF CONTENT COPY FITTING

ABSTRACT OF THE DISCLOSURE

- 5 A method is provided for indicating a measure of a text fill copy fitting for a portion of text in a document. In this regard, the method comprises the steps of detecting a change in a text fill inputted into a text fill box in a computer system, measuring a length of the text fill, performing a comparison between the length of the text fill with at least one predetermined length
- 10 threshold, and, indicating a compatibility of the text fill with an associated text portion of a document based on the comparison, the associated text portion incorporating the text fill.
